COUNTY PIONEER GIVES UP STRUGLE

The funeral of C. J. Hynding took place from the James Crowe Company chapel on Wednesday morning. It was private and only the relatives and a few friends attended. Rev. Stevens of the Congregational church conducted short services at the chapel. The following old time friends acted as pall-bearers: P. P. Chamberlain, W. H. Kinne, George Holden, Carl Plump, Ted Thompson and Judge George H. Buck. Interment was in Union Cemetery.

Mr. Hynding was found unconscious at his home on Main street Sunday evening by his son-in-law, W. J. Plump, who immediately had him removed to the Redwood City hospital where he expired at 6 o'clock Monday morning.

Mr. Hynding shot himself in the head with an army revolver while temporarily insane. Business worries coupled with sorrow over the death of his daughter, Mrs. W. J. Plump, two years ago, caused him to take his own life.

Hynding was a native of Denmark, and was 73 years of age. He is survived by two children Andrew Hynding, who is purchasing agent for the Western Meat Company at South San Francisco, and Mrs. Nathan Graves of New York.

Mr. Hynding was an old resident of Redwood City where he was well thought of by every citizen. For many years he was a member of the board of town trustees.

DR. NORMAN MACKENZIE NOW FIRST LIEUTENANT IN ARMY

Dr. Norman MacKenzie, young son of Mr. and Mrs. Donald MacKenzie, has received his commission from Washington as first lieutenant. He will join the medical corps as a dental surgeon. He went to San Francisco yesterday and was sworn in. He will be assigned to duty in a short time. He no doubt will be sent to France, immediately as his services are required over there. Dr. MacKenzie is a graduate of the local high school and the dental department of the College of Physicians and Surgeons of San Francisco. Some months ago he took the examination for dentists in the U. S. Army and passed with flying colors. He is considered an able and skillful operator.

"PAY ME" AT NEW REDWOOD

"Pay Me" the dramatic feature offering of Jewel Productions, Inc., with Dorothy Phillips in the stellar role, will begin its engagement at the New Redwood Theatre Sunday, October 21st, straight from an unusually successful run at the Broadway Theatre, New York where it gained the unanimous applause of the entire New York press.

This latest melodrama, offered by the Jewel Company—which is one of the newest and most important in the picture industry—was written and directed by Joseph DeGrasse. Its capable cast includes Lon Chaney, William Stowell, Evelyn Selbie, Tom Wilson, Ed. Brown, Claire DeBerry and William Clifford. It was named by R. H. Cochrane, vice-president of Universal, and fast coming to the front as a christener of successful film babies.

Its story is one of gripping intensity, with a complicated plot, which however is made quite clear to the spectator by means of Mr. DeGrasse's expert direction. It is a tremendous production, with beautiful exteriors, and some of the biggest sets ever built for any picture.

In "The Nugget", the dance hall which is the scene of many of the most exciting incidents of the plot, one can see the ceiling. If a spectator is a mechanic of motion picture plays he will notice that movie rooms may have walls and floors but that they seldom if ever possess ceilings. Mr. DeGrasse wanted a certain effect for the scenes in the "Nugget", and he could only suggest it by showing a low, raftered room, with its flaring lights, all coming from above. Therefore, another movie tradition was overthrown and "The Nugget" was closed in from the top. Incidentally this is one of the largest interiors ever constructed for a photoplay. It goes back a tremendous distance and when the big fight, which furnishes some moments of the tensest suspense, is staged, while the other characters in the story pass and re-pass in front of the excited crowd, watching the combatants. The crowd around the fighters, encircles them entirely, as it would do in real life. De Grasse shows enough close-ups of the fight to keep the interest at fever heat, but he is too much of a realist and too much of an artist to fall into the usual error, and the scene gains enormously on effectiveness from the fact that the "rings" in which two strong men try conclusions with each other is a real one.

The story concerns the fortunes of two children, who grow up in ignorance of their real identity, amid scenes of the early days in the development of the mining country.

SUPERVISORS IN REGULAR SESSION

The board of supervisors met in regular session, Monday, October 15th, at 10 a. m.

R. F. Chilcott of Redwood City, representing the University Realty Company of Palo Alto, appeared before the board and presented a map of Alpine Creek Tract, a new subdivision the company is opening up in the Alpine district and which is to be placed on sale.

A resolution acceptance to said map, together with a bond of \$200, accompanying it, was accepted and ordered filed, on motion of MacBain, seconded by Hickey.

Judge Edw. F. Fitzpatrick of Redwood City, representing the Peninsula Railway Company, appeared before the board and presented an application for a permit to operate motor busses between San Mateo county north end line and Camp Fremont in Menlo Park.

The petition was accepted, on motion of MacBain, seconded by Hickey, and a order made setting the day of hearing in the matter for Monday, November 5th.

An application for a permit to operate motor busses between the city of San Mateo and Camp Fremont, was also received from Morris F. Boland of San Mateo. The same order was made as in the above application, on motion of Brown, seconded by Francis.

On motion of Brown, seconded by Francis, the matter was referred to Supervisor Hickey, in whose district the said road is located.

The following persons having complied with the county ordinance, were granted permits to conduct dances in connection with their places of business, on motion of Hickey, seconded by MacBain; all the members voting "Yes" on roll call, with the exception of Supervisor Brown, who voted "No".

John Foppiano, Millbrae; V. L. Coppa, Colma.

The action of the board at the last meeting in ordering the payment of a claim in favor of the Tourist Association of Central California for \$600, was ordered rescinded, on motion of Brown, seconded by Francis, the claim having already been taken care of by the county auditor.

A communication was received from the Liberty Loan General Executive Board with headquarters in San Francisco, asking the board to do everything possible to further the sale of the Liberty Bonds within the county and to give the bonds all the publicity possible. The communication was referred to the county press, which is now devoting columns of space to the furtherance of the bonds.

A communication was received from the State Board of Health, thanking the supervisors for sending County Health Officer Smith to the recent State Board of Health conference.

A communication was received from Miss Elizabeth B. Skeele, secretary of the Social Service Commission in which she reported an investigation she had made in the case of an aged woman residing at San Mateo who had an application before the board for an increase in her county allowance.

Supervisor Brown, in whose district the woman lives, explained that the applicant was old and unable to earn a livelihood, and he recommended that temporary aid be afforded her until further investigation could be made. This was ordered done.

A communication was received from the Social Service Commission, in which certain recommendations were made for discontinuing reducing and increasing allowances in the cases of different persons now receiving aid in different parts of the county.

The report was accepted, on motion of Brown, seconded by MacBain, with the exception of one case in San Mateo.

A communication was received from Attorney Arthur Redington of Hillsborough, notifying the board of the change of the name of the City of Hillsborough to the Town of Hillsborough.

A certificate from the city clerk of the above named municipality, showing the said change in name, was received and ordered filed, on motion of Brown, seconded by Francis.

Supervisor MacBain addressed the board and stated that a representative of the State Board of Health had visited him last week and requested that the San Mateo county supervisors take some action toward appointing a deputy health officer to look after the sanitary conditions in and about Menlo Park and especially surrounding the military camp, where a large number of small eating houses and stores were being constructed.

At the suggestion of MacBain, and

Sequoia High's Rugby team will journey to the Stanford Turf Saturday morning and engage Palo Alto in a game which is scheduled to start at ten o'clock.

The locals have held the College town rugger to a tie once this season and as the Palo boys have lost some of their best men, Sequoia's chances of trimming them looks bright.

The personnel of the Sequoia team has not been announced yet as Coach Adams has taken some of the heavier men out of the scrum and placed them in the backfield in an effort to patch up the holes which were laid bare in the San Jose game. The team, however, will be from the following: Boos, O'Connell, Helsler, Boulanger, Thorpe, Heydanfeldt, Lalonde, DeGroot, Lyons, Corwin, Watson, Talmadge, Haydock, Vernin, Kriess, Green, Murry, Steven, Kriess, Louler, Lochwell and Walsh.

On Wednesday, October 24th, San Jose will meet the Sequoia's on the local field in the first of the three league games to be played here. Admission to this game may be gained by a season ticket, Student body card or the regular admission fee of twenty-five cents. Season tickets for grammar school pupils have also been gotten out and will go on sale today. The price will be twenty-five cents. These season tickets admits the bearer to the three league games played here.

FREMONT "JITNEY" GIVEN COUNCIL O.K.

At a regular meeting of the city council Monday night the trustees unanimously went on record as endorsing the conduct of the Fremont Dancing Academy and favoring its continuance as an amusement resort of the city. This action was taken following the reading by City Clerk of a letter of protest from J. A. Rosa, asking that the permit issued for the dance be revoked. This letter was a rather mild production, giving no substantial reason for the revocation asked. While some little time was devoted to a discussion of the conduct of the place by the trustees, all of whom were present at the meeting, no inclination to take the complaint seriously was shown. In fact the trustees seemed inclined to the opinion that the dances as conducted were a benefit, rather than a detriment to the city, from the fact that soldiers of Camp Fremont as well as residents of the city were provided with an attractive place of amusement.

A petition for a permit to operate a jitney bus line through the city by M. F. Boland of San Mateo was set for hearing at the next regular meeting of the council.

A petition for the removal of the palm trees on the north side of Broadway, between Washington and Webster streets, signed by all the property owners and business men of the block, was laid over until the next meeting pending investigation.

At the request of the Chamber of Commerce, Chairman Sampson appointed Trustees Tuchen and Merrill as a committee to confer with the Chamber of Commerce in an effort to devise a more modern system of lighting for the business streets.

City Clerk Price presented an interesting report of his attendance at the recent convention of the California League of Municipalities, embodying a number of practical suggestions.

A petition from representatives of the enlisted men of Company L of the Eighth Infantry and the Fifth Cavalry, stationed at Camp Fremont, for a permit to hold an all night dance on the night of October 27th at Foresters' hall was granted by a unanimous vote without discussion.

The amendments to the liquor ordinance which have been under discussion for some weeks were adopted. As finally passed the new law presents few added restrictions, the chief change being the prohibition of the sale of liquor in quantities after 6 o'clock in the evening and the limitation of sales of liquors by drug stores to quantities of not over a half pint and then only for medical purposes.

An ordinance imposing a license of \$20 a quarter on jitney dances was introduced and given its first reading.

At the close of the general business Trustee Merrill offered the following resolution:

"It beheves this board to take official notice of the death of C. J. Hynding, which occurred this day. Mr. Hynding was a member of this board for a period of eight years, and throughout that time he served the community in a most conscientious and capable manner. Being a pioneer resident of Redwood City, devoted to its interests and always interested in its affairs, he was a widely known and highly esteemed citizen. It is fitting, therefore, that public recognition of his long and prominent career be recorded on the minutes of this board. As a further mark of respect, I would move that this meeting be adjourned in remembrance of our association with him as a respected member of this board."

This resolution was adopted by a unanimous vote.

The will was executed by Mrs. Parrott on July 15, 1909 and the subscribing witnesses were, Garrett W. McEnerny and Walter Rothchild.

By the terms of the will practically all the estate goes to the children of the deceased. No bequests are made to charity. Mrs. Parrott gave liberally to every worthy cause during her life time making numerous gifts to charitable institutions in and about San Francisco.

Parrott, is bequeathed \$10,000, and Mrs. Magdalena Nuttal, another relative, receives a bequest of \$80,000, the will stating that Mrs. Parrott had promised Mrs. Nuttal a gift of \$100,000, but that \$20,000 of the gift had been already given Mrs. Theresa Parrott, widow of Tiburcio Parrott, is given \$250 a month, to continue during her life time.

Three of the children, Lady Dick, Countess de la Lande and Mrs. Donohoe, are given special bequests of \$10,000 each, in lieu of home sites which Mrs. Parrott said she had already given her other children.

After these bequests have been made, the will directs that the remainder of the estate be divided equally among her children and the children of her dead daughter, Mrs. Christian de Guigne Sr.

The following are named as executors: John Parrott, a son; Mrs. Grace P. Hayne, widow of Robert V. Hayne, a daughter; Christian de Guigne Sr., a son-in-law; Lady Isabelle Dick, wife of Sir Archibald Douglas Dick, a daughter; Countess de la Lande, a daughter; Joseph A. Donohoe of Menlo Park, a son-in-law, and A. H. Payson, another son-in-law.

ATTACK OF YELLOW FEVER FATAL TO EMIL MEDEFIND

The many kind friends of Mrs. Emil Medefind are offering their deepest sympathies in her sad bereavement over the loss of her beloved husband who passed away after a short illness in a sanitarium at Mexico City, Mexico. Mr. Medefind was a highly esteemed young man. He is survived by a young wife and little six months old son, besides his parents, Mr. and Mrs. Max Medefind, Sr., of Redwood City, and two brothers, Mr. Will Medefind of Winters, Cal., and Mr. Max Medefind, Jr., who recently left for American Lake.

NATIONAL MAGNESIA WORKS INCREASES WORKING FORCE

The National Magnesia Works added a number of young ladies to its pay roll last Monday. This number will be increased as the necessity requires. The company now employs seventy-five men and women at its plant south of town. Owing to big government contracts the company has increased its output and has enlarged the plant considerably lately. There are three drying sheds now in course of construction. Before the end of the year it is believed over 150 employees will be on the payroll. Nearly all the men employed at the factory are residents of Redwood City. The concern pays good wages and all the men are satisfied.

The card party given by Women of Woodcraft Thursday evening was a social success. Thirty soldiers were present from Camp Fremont.

CHAMBER OF COMMERCE WILL FEATURE DEVELOPMENT WORK

Believing that the time is ripe for a centralization of efforts toward the development of Redwood City's industrial resources, the local Chamber of Commerce, at its regular meeting held last Tuesday night unanimously decided to discontinue the retail trade features of the organization and to devote all its energies to town development. The change was accomplished by amendments to the by-laws and the adoption of a resolution discontinuing the credit bureau established by the Chamber two years ago and recommending that the merchants of Redwood form an association to take care of their distinctly trade matters.

The details of the reorganized body will be directed by an enlarged directorate. President Dan R. Stafford, who has an abiding faith in the future of Redwood, has named the following active business men and property owners to direct the work of the Chamber:

W. B. Gray, F. K. Towne, R. F. Chilcott, Geo. H. Irving, E. J. Arkush, M. E. Ryan, J. B. Murry, E. F. Fitzpatrick and D. P. Flynn.

The new board of directors will hold its first meeting next Monday night and plan for a membership campaign, the changes in the constitution having provided for several fixed at a point within reach of all.

H. C. Tuchen made an interesting report on the result of his trip to Washington, giving the impression that the situation regarding Redwood City's harbor was favorable. He stated that he found the officials in Washington fully advised as to conditions here.

The matter of street extension to connect the main part of town with the Chestnut street industrial area brought about a lengthy discussion and resulted in the naming of a committee consisting of R. F. Chilcott, H. C. Tuchen and Charles G. Landschelt, to look into the most feasible plan. The extension of Broadway and Holder street were particularly named.

Manager Maguire of the Jitney dance, invited to attend the meeting, explained the method of conducting his dance, and he was promised the support of the organization as long as he continued along the present lines, members of the Chamber, who had visited the dance, declaring that they had found it well managed, and devoid of offensive features.

Mark Ryan was named a committee of one to represent the organization on a committee from the Board of Trustees with whom had been left the matter of devising an effective street lighting system for Redwood. Trustees Merrill and Tuchen represent the city board.

Douglas Watson addressed the meeting on the necessity of united and hearty action in the matter of fostering the sale of library bonds, and he was appointed chairman of a committee to act with L. P. Behrens and C. G. Landschelt in arranging for a library bond drive to culminate in a monster meeting at the Sequoia theatre next Wednesday night.

E. J. Arkush was named as the Chamber's representative on the national soldier's recreation committee.

Everyone is looking forward to next Saturday evening, October 27th. Why? On that night the "Khaki Klub" from Camp Fremont will entertain with a big grand ball. The club is composed of enlisted men who know how to entertain in the right way. The people of Redwood City are going to turn out in big numbers and a very large crowd is anticipated. In addition to the dance, the club has arranged a most enjoyable program for its guests.

There will be entertainers from the camp, among whom will be Private Jerry Higgins with his "million dollar smile", the Universal Quartette, just from the Philippines in all their latest songs, and Leo Gross of the 15th Cavalry, the man without a rival.

McGuire's orchestra will furnish snappy and peppy music for all the dances.

The Young Bachelor's grand ball to be held in the Foresters' hall, Saturday, November 3rd will be the biggest that Redwood City has witnessed for some time. This will be the eleventh grand ball given by the club and nothing has been left undone to make this surpass all of their past events. McGuire's orchestra will furnish the music and every one will be assured of as good a time as in all past events given by the club. The Young Bachelors cordially invite all spectators to come and witness the big time.

NOTES FROM CAMP FREMONT

Work is being rushed on the streets of the camp. Clark and Henry have a large number of men grading the nineteen miles of road. Over a hundred cars of rock arrived during the week which will be put on the streets beginning next Monday.

The 27th cavalry from the Philippines are expected to arrive in camp early next week. There will be about 2,000 men in the regiment.

News was received from Washington during the week that the government intended to enlarge its plans for Camp Fremont. More buildings are to be erected and the camp is to be materially enlarged.

The soldiers at the camp on Thursday bought Liberty Loan Bonds to the amount of \$70,000.

Forty-one members of the quarter-master corps left late yesterday afternoon for Camp Greene, N. C. All these men were members of the Washington and Oregon national guard units.

The all-important question as to when troops will arrive is as yet unanswered. Presumably they will be sent here as soon as the camp is ready for them. Captain Fillmore said this morning that four more regiments are expected here soon, but he could not say when.

Camp Fremont will probably be completed in from three to four weeks if the present rate of construction is maintained, according to announcement made by W. H. Fillmore, first assistant constructing quartermaster, this morning. There are about 1,100 men working on the camp proper, while about a thousand more are employed at the remount station and the base hospital. When the latter jobs have more fully opened up more men will be employed.

The sewer system is about 60 per cent completed, according to figures given out by the contractors today. The gas system is being installed and will be completed in the course of two or three weeks.

P. T. Wakimoto has brought suit in the superior court against K. Kato to recover the sum of \$1125.35 on a promissory note executed at Pescadero on August 16, 1913 in favor of K. Tsujimura, who before commencement of the action assigned the note to plaintiff for collection.

B. Arata and others have commenced an action in the superior court against C. Rozzi to dissolve a copartnership existing since March 10, 1917. The copartners leased a tract of land from the Western Meat Company at Baden where they accumulated personal property worth \$3,500. Plaintiffs want the copartnership dissolved, all the property sold and divided among the parties to the action. Kirkbride and Gordon are the attorneys for plaintiffs.

The estate consists of personal property and a small parcel of unimproved realty at San Mateo totaling a value of \$1,000. The bulk of Mr. Casey's property was bequeathed to his daughters, Mary Frances Dinnigan and Mrs. Catherine Ann McConvey, and the other heirs at law.

The trustees of the First Church of Christ, Scientist of Burlingame, has petitioned the superior court of this county for leave to mortgage the church property at that place for \$5,800. Colby secretary.

Dora Kendall has brought on action in the superior court for an interlocutory decree of divorce from her husband, James Kendall, on the ground of desertion. The Kendalls were married at Santa Cruz on August 1, 1915. There are no children as a result of the union neither is there any community property. The Kendalls reside at San Mateo and have been separated since August 16, 1916.
